SUNBEAMS

By WALTER M. BARRETT

It was pleasing to hear the report from the membership committee for the Truckee-Donner Chamber of Commerce that, with one or two exceptions, every business firm thus far contacted has joined without hesitation. These exceptions, the committee reported, were from those who have never joined and probably never will. Most likely the reason for this fine report is due to the fact that the chamber is successfully conducting business matters at frequent meetings designed to better the community as a whole. It has sponsored and supported various worthwhile phojects all aimed at providing this region with more and better facilities for recreation, business opportunities and to make the area a better place to live. The most recent action in attempting to form a district to purchase the beach property at the west end of Donner Lake is a good example. There will naturally be some opposition to this proposal, but the chamber, in taking a lead, has done the right thing. If the idea falls flat on its face because of this minority opposition, it will be no fault of the chamber which is far sighted enough to realize that in a few years or even months, such an opportunity may be gone and the only remaining facility of this kind on Donner will become a private beach. We would like to urge continued support of the chamber of commerce.

Correction — North Lake Tahoe Safety Council. Article appearing last week was misinterpreted. That the North Lake Tahoe Safety Council was asked to contact a cross section of residents of North Lake Tahoe area to explore the needs of adequate and approved ambulance service. If enough residents feel there was sufficient need for ambulance service then the directors of North Tahoe Fire Protection District would determine whether it was feasible and the desire of voters of the district to bring it to public vote.

It was further stated by Chairman Harry S. Hooper of the North Tahoe Safety Council that it was the feeling of both the safety council and the fire district that if private service could be provided it would prove a more satisfactory solution to the problem.

A minor compressor blew up at the North Tahoe Fire Protection District on Thursday, April 6 at 2:10 p. m. caused only small damage to the fire house, according to Joe Fulton, fire chief. In February the horn from Kings Beach was moved to the station, including three tanks to insure duration of the noon and fire blasts. The middle low pressure tank blew when the valve which holds pressure to 80 pounds is believed to have failed allowing full pressure of the compressor to go into the tank. One end of the tank ruptured and was projected through the north end of the fire house onto the lawn, one end went south through the partition wall and struck the main wall damaging wall and glass in doors and windows. All equipment otherwise remained in service and horn was back in service by 10 a. m. on Friday. Damage to the fire house is minor and is expected to be shipshape in a short time, according to Joe Fulton.

Commissioners of the North Tahoe Fire Protection District met at the fire headquarters last Thursday. Present at the meeting were fire chief, Joe Fulton and commissioners Lyle Gunkel, Bob Howell and Hillard Holmes.

Jack Farris of Kings Beach is attending telephone electronic school at Chico for three weeks. Velda and daughter, Sandra, motored to Woodland to spend the weekend and Jack will meet them there

Happy birthday. Mike Ashton of Kings Beach was seven on April 2. Celebrated with party, playing games and enjoying refreshments. Guests were Jeff Molsberry, Susan Plunkett, Sherry Watson, Danny Porath, Calvin Felte and Kate Felte.

Marian and Art Mueller of Kings Beach were visitors to Pasadena. Parents, Mrs. D. W. Ross and Mrs. Emma Mueller and son Warren in Pasadena and son Donald at Santa Barbara entertained the Muellers.

Friends have received word from Mary and Wally Skaggs, former Kings Beach residents, that Ole Man River did not get to their door in Buffalo, Iowa. Wally is employed at the U. S. Arsenal at Moline, Illinois, and is fine. Mary misses Lake Tahoe and so does Lake Tahoe friends miss Mary.

Recognize our local ski celebrity, Dorothy Mercer of Crystal Bay on "Route 66" which featured a Squaw Valley setting? Dorothy doubled for the star who is a non-skier.

Dave and Marguerite Ashton and Mike of Kings Beach had a mighty fine vacation—Santa Cruz, to San Diego, visiting the San Diego Zoo, Marineland and Disneyland, and interesting points along the way.

Kings Beach Felines, Marian Mueller, president, met at Zieglers in Carson City. Plans for a progressive dinner were made for April 25. The Mueller home is scheduled for cocktails, Boatmans for dinner, and Zieglers, Kings Beach, for cards and dessert.

Marilyn Boatman was installed at this meeting as a new member.

Carrie Mercer of Crystal Bay had a busy last week of March. Congratulations on these interesting events.

Mr. and Mrs. Gene Porter—Mrs. Porter is the former Ella Mae Mercer—are the parents of a baby daughter born in Carson City, March 30. Weight 7 pounds, 5 ounces and named Franki Anne.

Mr. and Mrs. Bob Mercer of San Jose are the parents of a baby son born March 24, weight 7 pounds, 5 ounces and named Roger William. Mrs. Mercer was formerly Marilyn Baker and taught school at Kings Beach. Bob and Marilyn also have a daughter, Nancy, who was five years old on March 28.

The weight of the new cousins is not typographical error—they weighed the same.

Ben Ferrari and Dave Decker of Kings Beach were two fortunate boys—spent Easter vacation visiting in Los Angeles and seeing Disneyland as guests of Mrs. Winifred Scott who teaches and lives at Tahoe City.

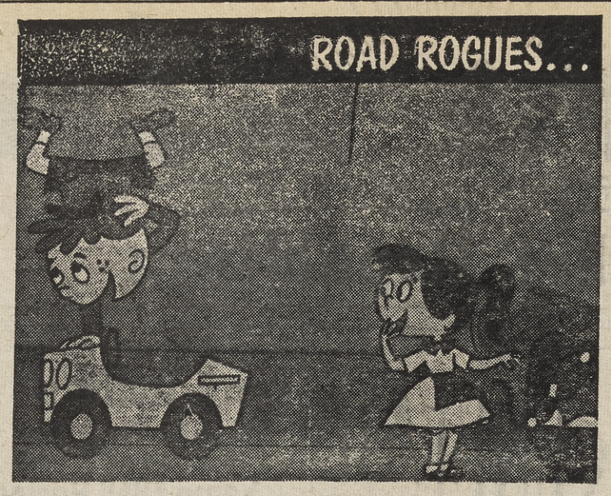

Happy anniversary, Edna and Carlton Konarske of Incline Beach on April 3.

May 14 will be the day of Penny Hulbert's life. That is the date set for her wedding to Steven Frost, Stead Air Force Base, Reno. Kings Beach Methodist Community Church with the Rev. H. R. Holler officiating, Crystal Bay Club for the reception, and the bay area for a honeymoon are the present plans.

Penny's parents are Noel and Peg Hulbert, long time Placer County residents.

THE SHOW-OFF... There's one in every crowd—a ham so thick you could slice him! Look at this junior grade Smithfield. He's starting mighty early. That game of "Look, Ma, no hands!" will get him in trouble for sure. The AAA Foundation for Traffic Safety urges teen-age drivers, like this young Lothario, to avoid pranks and showing-off behind the wheel of a car. Driving is a full-time job.

HOW'S YOUR EQUIPMENT BEARING UP?

Take a look at your bowling ball. Does it still fit you? How long have you had it? Has your span changed since you were measured for your present ball? Or perhaps your present ball has some nicks in it that deflect the ball a bit as it rolls down the alley. You can get these patched up, you know.

Now for your shoes. Are they comfortable? Do they still fit? Check the soles as I illustrate. Will they last through the end of the year? If you're going to have to get a new pair of bowling shoes in the near future, I'd suggest you get them now and break them in gradually in your practice play. I always break in new shoes and a new ball in my practice bowling.

Your bowling equipment was made to last for a long time. But sooner or later, it will wear out and need replacement. Check it over two or three times a year.

BOARD OF HEALTH IN PLACER ABOLISHED

AUBURN—The board of supervisors by a 3 to 2 vote last week abolished the county board of health.

Several of the supervisors and County Executive John Bernard had been critical of the board's move toward what they described as administrative policies.

Supervisor J. O. Anderson, who moved to abolish the board, said he felt it had outlived its usefulness. He was supported by Supervisors Frank Paoli and Thomas Doyle. Board Chairman Robert Radovich and Supervisor William Briner voted against abolishment.

Paoli stated "there is no need of getting into any more hassles. The health director is in charge, and he knows what he is doing. Doctors and other authorities can be called in an advisory capacity if the health director wants it."

Bernard supported the abolition and indicated the board of health was no longer needed. The county executive had advised the supervisors the board, under a new series of bylaws, was turning toward the administration of the health department rather than acting in an advisory capacity.

The supervisors also established a full time civil defense program for cities and unincorporated areas in Placer County.

The supervisors set up the program after Bernard presented a proposed budget and explained it had the tentative approval of representatives of the cities in the county.

Bernard explained the suggested $14,820 budget will be jointly supported by federal reimbursement, a lump sum share by the county and pro rata share for the cities.

POLIO VACCINATION WARNING IS ISSUED

SACRAMENTO — (CNS) — The department of public health has issued its annual warning to Californians on the necessity of Salk polio vaccinations before the start of the summer polio season.

The department warned against waiting for oral vaccine as it will not be available in large quantity before late fall.

The department's advisory committee on prophylaxis of poliomyelitis announced the increased potency of the standard Salk vaccine now shows up to 95 per cent effectiveness against paralytic polio in the younger age groups.

Laboratory tests have revealed that there is a high proportion of polio infection isolation in individuals who have had no vaccinations or an insufficient number of vaccinations.

The number of polio cases in California dropped to 232 in 1958 following the introduction of vaccine in 1958. There were 2,600 cases reported in the state in 1954 prior to the introduction of Salk vaccine.

LADIES NIGHT HELD BY TAHOE ROTARY

TAHOE CITY — The big event for the year for Tahoe Rotary Club was ladies night last week when the California Alumni Association played host to Rotarians and their ladies of Rotary and guests.

Prior to the steak dinner there was an hour of wine sampling which was put on by a California wine company which also supplied wine for the dinner in the spacious dining room that seats over 200.

The affair being in honor of members' wives, there was perfect decorum with the men dressed in their best including neckties, so there was no occasion for fines until Bill Conners who purposely came without a tie or had removed it, rose to a point of order calling attention to an unwritten rule of Rotary that, a Rotarian wearing a tie was subject to a fine and he demanded that President Ralph Bly assess a $1 fine on every man wearing a tie. President Ralph ordered the collection box passed around.

Acting as hostess for the evening was Mrs. Lary Lindsey whose husband is manager of the local alumni center. Mike Koll, director of education and recreation for the alumni association and Mrs. Koll attended the dinner. Mike is a member of the Berkeley Rotary Club.

BRINER ASKS POSTING AT PUBLIC BEACHES

AUBURN — Supervisor William Briner of Tahoe City, has requested that all public beaches at Lake Tahoe in the county be posted indicating the areas are for public use.

Briner specifically pointed out a beach at Lake Forest and requested the district attorney's office to advise on the legal matters involved in support of the move.

Briner explained local residents have indicated they wanted to improve the beaches and possibly build a boat launching ramp.

DONNER DOINGS

By VIRGINIA O'BEAR

Donner Lake was the scene of much activity over the weekend. The best part of course was that quite a few fishermen caught some beautiful fish despite the strong wind. Due to this wind, the controlled burning on the new freeway got out of hand and many men were called out to help put out the fire which burned over an acre of ground. The Donner Lake Volunteer Fire Department was called out on the fire as well as all of the construction workers on this project. The land damaged by fire belongs to the Donner Lake Development Company. Just as the firemen had things under control, it started to rain, then snow, which helped to extinguish the smoldering fire. Again we thank the efficient firemen at Donner Lake for preventing a fire which could have been disastrous as of August last year. Don't forget to get a burning permit from the forest service because as of April 15, one is necessary to burn in an incinerator.

Donner Lakes Resorts is sponsoring a fish derby again this year which will end the 18th of June. Everyone is eligible to enter except members of the sponsoring organization and their families. CONSTABLE IS SUED FOR ELECTION CARDS

AUBURN — A $75,000 libel suit has been filed against Constable Harry Johanson of the Tahoe Judicial District by former constable Richard A. Lavery, who charged Johanson circulated false information on campaign post cards prior to the general election last year.

Lavery, who was defeated in the election after serving as constable of the district, had been employing Johanson as deputy constable. A few days after the election Lavery fired Johanson for the remainder of his term of office.

Lavery stated in the suit that post cards intended to disgrace and deface him were circulated. As a result of the mail campaign he said, the people voted against him.

The suit asks for $25,000 general damages, $25,000 special damages and $25,000 punitive damages.

Tarzan
by EDGAR RICE BURROUGHS
"THERE'S THE EVIL ONE WE'VE COME TO KILL!" TARZAN HAS TOLD MAGNO THE LION. "GO, MAGNO! KILL!"

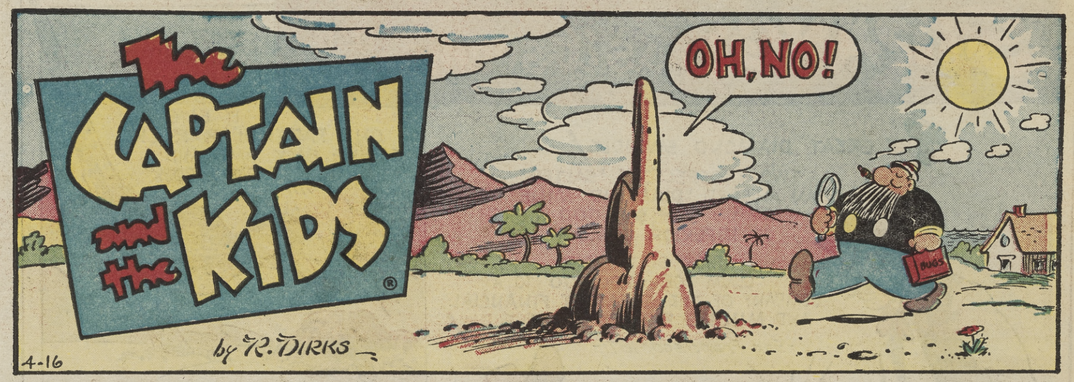

AS THE BATTLE WITH THE MURDEROUS RHINO BEGINS, TARZAN'S CONFIDENCE IN MAGNO'S VICTORY IS GREATER THAN THE BWOLO SPEARMEN'S - BECAUSE....

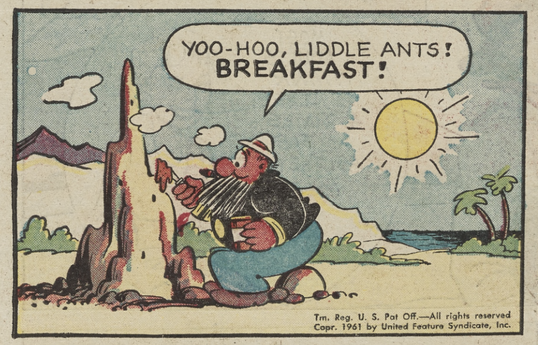

...IN ALL THE TRIBAL STORIES OF PRIMEVAL COMBAT, TOLD BY AFRICANS AROUND CAMPFIRES, THERE'S NO LEGEND OF A ROGUE RHINO KILLED -- BY A LION.

MAGNO'S TEETH HAVE TWO TARGETS, TUZZU- THE RHINO'S NECK... OR THROAT!
